CARNATION and CHRYSANTHEMUM

Rooted Cuttings

1943

DOROTHY NAPIER
New Bright Medium Pink

BAUR-STEINKAMP & CO.
INDIANAPOLIS, INDIANA

IN MEMORIAM

With his carnations—the flowers that he lived with and loved. They were his hobby, his first thought in the morning, the last at night. And so he lived, ever striving to produce for the world and his colleagues a better carnation.

ADOLPHE F. J. BAUR
1876-1942

FOREWORD

Operating a greenhouse this coming season will require efficiency to get everything done with the reduced labor supply. Planting only clean, healthy stock that requires less attention will be a necessity, and the securing of young stock from specialized propagators when you are ready to plant it will result in a great saving. We are prepared to take care of these problems for you.

We present on the following pages our list of selected carnation and chrysanthemum rooted cuttings for 1943. Each variety was selected as the best for its particular color and purpose. All are good commercial varieties that will give a profitable yield.

Despite the shortage of labor we have not relaxed our vigilance in keeping the stock clean and healthy. Preventatives for insects and diseases are used constantly rather than cures when the trouble has started. Only clean healthy stock, closely inspected, is allowed to be shipped. It pays to buy young stock but be sure of the source of supply.

We thank our many customers who have favored us with their orders during the past year and hope that we may hear from them again very soon.

TERMS OF SALE

DISCOUNT—We allow no cash discount. Special discounts on large quantities are available. Let us quote you.

PAYMENT—Bills are due the first of the month following date of invoice unless special arrangement has been made.

PRICES—Subject to change without notice. The prices in this catalog cancel all previous quotations and are for the trade only.

SHIPMENTS—All orders will be shipped by Railway Express unless otherwise instructed. Our responsibility ceases upon delivery to the transportation company and all claims for frozen or crushed stock should be entered against them. We will aid in any way possible to recover losses on damaged stock. If the Postal and Express addresses are different be sure to send both.

WARRANTY—We give no warranty, expressed or implied, as to description, quality or productiveness of any plants, bulbs or seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they must be returned at once.

CARNATIONS FOR 1943

Rooted Cuttings

RATES—Less than 25 of one variety will be billed at the dozen rate; 25 of one variety will be billed at the 100 rate; 250 of one variety will be billed at the 1,000 rate.

PATENTED VARIETIES—We issue with each sale of a patented variety the privilege to propagate all that is wanted by the purchaser for his own use. This privilege is issued in writing on blanks signed by us and the purchaser. Without our signature on the blanks none of the plants can be reproduced in any manner by the purchaser under penalty of the U. S. Patent Law.

SECOND YEAR RATES—Purchasers of 100 or more cuttings of the varieties Pink Treasure, Rosalie and Seth Parker can purchase in subsequent seasons in lots of 500 at the rate of 8c per cutting for Pink Treasure and 10c per cutting for Rosalie and Seth Parker. This offer is made subject to availability of stock, all orders being filled in rotation as received.

WHITE CARNATIONS

PATRICIAN—B. S. & Co. 1932. Our choice for quality white carnations. The flowers are large and the stem is strong and stiff the year around. Produces heavily from early fall until the following summer and makes bushy plants in the field.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

OLIVETTE—The best of the white varieties introduced recently. The flowers are medium sized, very fragrant, full and well-formed and do not split. The stem is medium length and strong. It produces very heavily and keeps well. Makes good field-grown plants.

\$1.50 per dozen, \$8.00 per 100, \$75.00 per 1000

PURITAN—A very free-blooming variety with flowers of average size. Makes good field-grown plants and transplants readily. Cool temperature will increase the quality of this variety.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

GARDENIA—Large and fragrant flowers that are adapted to corsages and other designing. Pure white and a good keeper.

\$1.50 per dozen, \$8.00 per 100, \$75.00 per 1000

LIGHT AND SALMON PINK CARNATIONS

POLLYANNA (Patented) B. S. & Co., 1941. This variety is very close to being the "ideal carnation". The flowers are more than average size, a good Laddie salmon-flesh pink color, good keepers and do not split. The stems are stiff and medium length. It makes a sturdy growth and good plants in the field which transplant easily. Pollyanna is one of our best producers. We recommend it as a variety that is profitable to grow.

\$3.00 per dozen, \$15.00 per 100, \$125.00 per 1000

BAUR-STEINKAMP & COMPANY

LIGHT PINK ABUNDANCE (Patented) B. S. & Co., 1934. A light pink sport of the well-known Pink Abundance. The flowers are average size and the stems are stiff. Produces very freely.

\$1.50 per dozen, \$8.00 per 100, \$75.00 per 1000

VIRGINIA—A widely-grown variety because of its free blooming habit and good keeping qualities. The flowers are a good shade of light pink and are average size. Many large growers grow great quantities of Virginia.

\$1.25 per dozen, \$7.00 per 100, \$65.00 per 1000

CHARM (Patented) A. Rasmussen & Son. A quality salmon-pink variety resembling Laddie in size but a little darker in color. It grows tall and has a very stiff stem. The plants grow well either in the field or planted indoors. Charm shows a close resemblance to Laddie except it is a good producer and is profitable to grow.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

RED CARNATIONS

TOM KNIPE (Patented) B. S. & Co., 1943. An outstanding new scarlet variety from the originator of Chief Kokomo and Seth Parker. The flower is very full and large with serrated petals. The calyx does not split. Tom Knipe propagates easily and makes good plants under either field or inside culture. Last season Tom Knipe produced more flowers per plant than any other scarlet on our range. Advance sales indicate an enthusiastic reception by carnation specialists.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

FIRE CHIEF (Patented) Phil. J. Goebel. The new red sport of King Cardinal. Fire Chief is identical to King Cardinal in growth and habits. The color is a little deeper than King Cardinal and the flower has 25% more petals, making it more valuable for shipping.

\$4.00 per dozen, \$20.00 per 100, \$150.00 per 1000

KING CARDINAL (Patented) B. S. & Co., 1936. This variety is the universal red carnation and is the model for varieties of all colors to be compared with. The bright scarlet color, strong stiff stem, freeness of blooming and rapid easy growth have made it the most widely grown variety in existence.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

MEDIUM AND DARK PINK CARNATIONS

DOROTHY NAPIER (Patented) Dorothy Napier. This variety has been grown for several years in England, Canada and on our range with excellent success. The color is a bright medium pink, nearly cerise that holds exceptionally well in warm weather. The flowers are large, very full and the calyx does not split. Dorothy Napier is easily propagated and makes good plants in the field and under glass during the summer. The production compares favorably with all varieties of this color and quality. We are pleased to offer this valuable variety to growers of quality carnations.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

ROSALIE (Patented) B. S. & Co., 1939. The leader in the bright medium pink class. The flower is large and full and holds its color in the warm spring months. Makes good plants either in the field or when grown indoors and is a very heavy producer.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

See the special rate for second year purchases.

PINK TREASURE (Patented) B. S. & Co., 1937. The quality pink variety grown by the larger growers. The color is a light medium pink and the flowers are large and full. Pink Treasure makes a heavy growth with strong, stiff stems.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

See the special rate for second year purchases.

PINK ABUNDANCE—B. S. & Co., 1929. Pink Abundance was awarded the Marcellus Adams Patten medal for being the most valuable variety introduced during the period from 1926 to 1930. The flowers are medium pink and about average size and the variety produces very freely. It is still the favorite with many growers.

\$1.00 per dozen, \$6.00 per 100, \$50.00 per 1000

VIVIAN—A widely-grown bright medium pink variety that makes good flowers very early in the fall. Makes good plants in the field and produces heavily.

\$1.00 per dozen, \$6.00 per 100, \$50.00 per 1000

DERIGO—Dark, medium pink color with a large flower that does not split. Betty Lou crossed with a seedling from Pink Abundance is the parentage of Derigo. The stems are long and stiff and it is a good producer.

\$1.25 per dozen, \$7.00 per 100, \$65.00 per 1000

VIRGINIA ROSE—A rose pink sport of the light pink Virginia. Virginia Rose has a free continuous blooming habit and good keeping qualities like its parent.

\$1.50 per dozen, \$8.00 per 100, \$75.00 per 1000

CRIMSON AND PURPLE CARNATIONS

SETH PARKER (Patented) B. S. & Co., 1940. A bright, crimson color with enough red to light up under artificial light instead of appearing black as most crimsons do. The flowers are large and keep well. It grows fast and produces long stiff stems. Can be grown successfully either in the field or indoors during the summer. We recommend Seth Parker very highly.

\$3.00 per dozen, \$20.00 per 100, \$150.00 per 1000

See the special rate for second year purchases.

RIGOLETTO—This variety was developed by the Department of Agriculture at Washington, D. C. The flowers are dark red or crimson and are average size. The stems are strong and the growth is rapid. A very good variety for boutonnières.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

POTENTATE—B. S. & Co., 1930. A deep crimson-purple variety that is grown in large quantity considering its novel color. The flowers are large and are good keepers. The stem is stiff and the growth is good.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

BEUERLEIN'S CRIMSON—A new crimson variety similar to Woburn in color and size. A very free producer.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

YELLOW CARNATIONS

YELLOW GOLD (Patented) B. S. & Co., 1938. A clear yellow color and more than average size flowers borne on stiff stems. The best yellow variety available.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

VARIEGATED AND NOVELTY CARNATIONS

CHIEF KOKOMO (Patented) B. S. & Co., 1934. Chief Kokomo played a large role in bringing the carnation to its present popularity. The pink markings on the yellow background awakened both the florists and the public to the novel colors and combinations that carnations possess. The flowers are larger than average and the stems are stiff. The plants grow fast either inside or in the field and are heavy producers. This variety remains good during the hot weather. Chief Kokomo is grown in greater quantity than any other novelty.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

OPAL (Patented) B. S. & Co., 1936. For exquisite corsages and designs Opal is unsurpassed. The reddish-purple markings on the edges of the white petals give a very dainty effect. The flowers are average size and the variety is a good producer.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

LENORA—B. S. & Co., 1934. A white variegated with pink pencil markings. The flowers are average size and the variety is a good producer. The retail grower will find it very valuable.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

BARBARA BRIGHAM—This variety is a sport of Golden Wonder and is orange with pink penciling. It is a very attractive novelty. The flowers are more than average size and the variety produces well.

\$1.00 per dozen, \$6.00 per 100, \$55.00 per 1000

POINSETTIA INDIANAPOLIS RED

Improved sport of Mrs. Paul Ecke introduced by us last season. The bract is large and made up of many broad red leaves, giving the appearance of almost a solid disc. The growth is luxuriant and the lower leaves do not drop off easily. Indianapolis Red always brings a premium price as finished plants.

Available during August and September from 2½ inch pots.

\$15.00 per 100, \$125.00 per 1000

CHRYSANTHEMUMS

Rooted Cuttings

This coming season there will be more growers securing their mum cuttings from specialized propagators than ever before and they will be wise in doing so. These growers will have clean, healthy stock to bench, the best and most profitable varieties and have them all ready to plant at one time. More important, they will not have to use valuable labor to take care of the stock plants and do the propagating.

We are prepared to supply cuttings for entire plantings and we anticipate an early sellout.

ORDER EARLY. WRITE FOR QUANTITY DISCOUNTS.

CHRYSANTHEMUMS for SHADING

The varieties on the following list have all been tried by us and found to be satisfactory for shading with black cloth.

LARGE-FLOWERING COMMERCIAL VARIETIES

Rooted Cuttings

60c per dozen, \$3.50 per 100, \$32.50 per 1000, except where noted.

Less than 25 of one variety billed at the dozen rate.

25 of one variety billed at the 100 rate.

250 of one variety billed at the 1000 rate.

If order totals 1000—25 of one variety will be billed at the 1000 rate.

LISTED IN ORDER OF DATE OF FLOWERING

WHITE LARGE-FLOWERING

QUAKER MAID—B. S. & Co., 1927. One of the earliest white varieties. Best on bud taken about August 25th. Blooms early in October.

SILVER SHEEN—One of the best early white varieties that is also very satisfactory to shade with black cloth. Grows to medium height and matures in mid-October.

WHITE CHIEF—B. S. & Co., 1930. Pure white round bloom on a good stiff stem. Grows three feet from June planting. Can be shaded successfully. Take terminal bud.

AMBASSADOR—B. S. & Co. 1931. One of the most widely grown of the early white varieties. Fine quality blooms may be had from September 15th to late October by shading and growing normally in several lots. Take terminal bud.

ALBATROSS — B. S. & Co., 1939. Pure white to follow Ambassador blooming October 25th. The flower is large in size and full to the center. Grows five feet from June planting and has perfect stem and foliage. Fine for shading and blooms just ahead of Ambassador when shaded but follows that variety when grown normally. Take terminal bud.

Frigida

SNOW WHITE—B. S. & Co., 1924. One of the best for early November. The blooms are incurved, large and white as snow in color. Grows four feet from June planting. Take terminal bud.

INDIANAPOLIS WHITE—A pure white sport of the well-known Indianapolis Pink. The stem and foliage are excellent and the flower is large and incurved. Excellent for shading. Take terminal bud.

\$1.00 per dozen, \$4.50 per 100, \$40.00 per 1000

MONUMENT—B. S. & Co., 1924. A top-notch commercial that is a regular winner at fall exhibitions. Grows five feet from mid-June planting. Take terminal bud.

MARKETEER—B. S. & Co., 1938. The ideal commercial variety. The flowers are pure white, round and come practically 100% perfect. The stem is very stiff and the foliage is ideal. Marketeer does not lose its round shape when grown more than one to a plant. Excellent for shading. Blooms November 15th and later. Take terminal bud.

WHITE DISTINCTION—B. S. & Co., 1931. A white sport of the well-known pink variety, Distinction. Identical in every respect except color. Follows Monument in bloom. Take terminal bud.

ANTARCTIC—B. S. & Co., 1941. One of the newer late varieties that come into bloom after the midseason glut has passed. Blooms November 20th and later. The flower is pure white, round and is good commercial size. Grows five feet from late June planting making it valuable to the grower who cannot plant until the bedding season is past. Take terminal bud.

CHATTANOOGA —

Large pure white for late November. A favorite for Thanksgiving. Take terminal bud.

DECEMBER GLORY

—Large pure white maturing in December. Take terminal bud.

December White

FRIGIDA—B. S. & Co., 1941. A new white for December. The flowers are large and come practically 100% perfect. Grows four to five feet from June planting. Take terminal bud.

\$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000

DECEMBER WHITE—B. & S. Co., 1942. Clear white, first quality blooms for December. The flowers are large, incurved and carried on strong stems. Holds good on the plant and after being cut. Grows five feet from July 1st planting. Take terminal bud.

\$2.50 per dozen, \$12.00 per 100, \$100.00 per 1000

YELLOW LARGE-FLOWERING

GOLD LODGE—B. S. & Co., 1927. The earliest large flowering yellow and a good one for both cut flowers and pot culture. Take the bud about August 25th and cut the first week in October or shade it and cut any time after September 1st. Take terminal bud when shading.

CELESTRA—B. S. & Co., 1929. A round compact flower that follows Gold Lodge in bloom. Very good for shading. Take last crown bud for best flowers. Blooms normally about October 10th.

COMET—B. S. & Co., 1940. A very intense golden yellow blooming October 15th when good mums are in demand. Grows to four feet from June planting. Stiff stem and excellent foliage. Take terminal bud. Very fine for shading.

YELLOW AMBASSADOR—Sport from Ambassador and equally valuable for either shading or to grow normally. Grow it along the same as the white.

BUTTERBALL

1943

INTRODUCTION

An excellent early clear yellow blooming Oct. 20th. The flowers are incurved with good substance and handle very well. Grows to about four feet from June planting with stiff stems and good foliage. Keeps very well. A real commercial variety to be grown in place of the Yellow Ambassador. Take terminal bud.

\$5.00 per dozen,
\$7.50 for 25, \$12.50
for 50, \$20.00 per 100,
\$150.00 per 1000

Butterball

GOLDEN GLORY—B. S. & Co., 1922. One of our first introductions but still considered one of the best yellows for blooming around November 1st. Grows four feet from June planting. Take terminal bud.

BLAZING GOLD—B. S. & Co., 1939. An intense golden yellow variety that is one of the best for shading. The flower is globular in form and the stem and foliage are ideal. Grows five feet from June planting and blooms in September under shade and normally about the first of November. Take terminal bud.

GOOD NEWS—One of the favorites for early November. Sport of Detroit News and like its parent shades exceptionally well. The flower is globular and very solid. Take terminal bud.

SMITH'S SUPERLATIVE—Bright golden yellow for early November. Large flowers. Take terminal bud.

FRIENDLY RIVAL—Valued for its wonderful deep golden yellow color, good size of bloom and deep green foliage. Blooms November 10th to 20th from terminal bud.

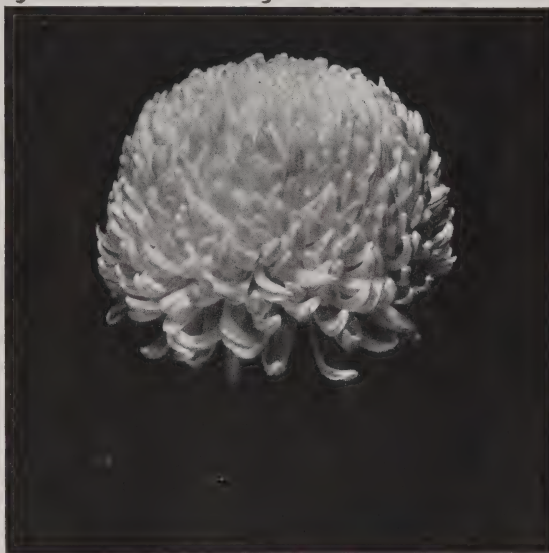

YELLOW MONUMENT—Yellow sport of Monument and identical in all other respects. The ideal commercial type. Large flowers that handle well. Take terminal bud.

JUBILEE—B. S. & Co., 1939. This variety is at the top of the commercial yellows for mid-November cutting. The blooms are of large size and perfect incurved form. The color is a clear Bonnafon yellow. It grows to four feet from June planting and has a rigid stem and perfect foliage. Excellent for shading, comes in the first week in October and normally November 15th. Take terminal bud in all cases.

NELLIE T. ROSS—Large, bright yellow flower for Thanksgiving cutting and later.

GLORIA—B. S. & Co., 1942. A fine late commercial yellow blooming just right for Thanksgiving cutting November 25th. Incurved bloom of large size and good substance. Good stem and foliage. Grows four feet from June planting. Take terminal bud.

\$2.50 per dozen,
\$12.00 per 100,
\$100.00 per 1000.

Gloria

METEORE—B. S. & Co., 1941. Large round bloom on good stem with good foliage. We recommend this variety as a late yellow to bloom during mid-December. Holds well on the plant and is very solid. Take terminal bud.

GOLDEN PEARSON—B. S. & Co., 1931. Bright golden sport of Gladys Pearson. One of the favorites for Thanksgiving. Take terminal bud.

YELLOW CHATTANOOGA—Light yellow sport of the white Chattanooga.

PINK LARGE-FLOWERING

EARLY OCTOBER—

B. S. & Co., 1942. An early pink of midseason quality. Blooms October 4th. About the same size and color of October Rose. Grows five feet from June planting. Should be a boon to the growers who do not shade. Take terminal bud for best color.

\$2.50 per dozen,
\$12.00 per 100,
\$100.00 per 1000.

Early October

LUSTRE—B. S. & Co., 1928. Plant early in June to produce a strong plant. Bud taken in late August will give larger flower in early October but terminal bud gives best color and is a week later.

PINK CHIEF—B. S. & Co., 1932. Blooms the middle of October from terminal bud and late June planting.

MILADY—B. S. & Co., 1941. An unusual shade of color bordering more on the true pink. A very pleasing shade. The form is a loose incurve with good size and on a fine stem with good foliage. Grows five feet from June planting and blooms October 25th. Take terminal bud.

\$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000

JUSTRITE—B. S. & Co., 1929. Round solid bloom of good size and fine texture. Good commercial lavender pink. Take terminal bud.

ROSABELLA—B. S. & Co., 1940. A very excellent medium early pink blooming in late October and holding into early November. The color is a good shade of pink that holds well. The growth is very rigid and the foliage is good. Grows to five feet from June planting. Take terminal bud.

ROSY MORN

1943

INTRODUCTION

A new incurved pink resembling Indianapolis Pink in color and blooming in late October. The insides of the petals are a deep rich pink and the reverses are a light lavender, making it very attractive. Solid flower that does not shatter easily. Stiff stem and clean medium sized foliage. Grows easily and attains a height of four feet from June planting. Take terminal bud. \$5.00 per dozen, \$7.50 for 25, \$12.50 for 50, \$20.00 per 100, \$150.00 per 1000.

Rosy Morn

OLD ROSE—B. S. & Co., 1931. One of the best pink varieties for shading. Good size and fine substance. Does not lose its color in shading. Blooms normally about November 1st.

ROSEUM—B. S. & Co., 1941. A bright deep pink color that does not fade with age. The flower is large, and incurved and has a good stem and foliage. Won the C. S. A. medal in 1939. Blooms November 1st. Take terminal bud. \$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000

INDIANAPOLIS PINK—B. S. & Co., 1938. One of the best varieties we have ever introduced. We have both a bronze and a white sport that are equally good. They may be found on other pages of this catalog. The flower is incurved and solid. The outer surfaces of the petals are light lavender and the insides are darker. Blooms the second week in November. Very good for shading to come in late in September. Take the terminal bud. An ideal commercial.

DISTINCTION—B. S. & Co., 1925. An excellent variety to fill in between the mid-November varieties and the Thanksgiving varieties. Large incurved bloom of clear bright pink. Take terminal bud.

THANKSGIVING PINK—B. S. & Co., 1921. Our best late pink for both cut flower and pot culture. Large blooms, good deep pink color and fine substance. Blooms Thanksgiving and later. Take terminal bud.

PETER JOHN—A light pink sport of Thanksgiving Pink. Has all the merits of the parent variety and a very pleasing lighter pink color bordering on the true pink. Take terminal bud.

HELEN FRICK—One of the oldest varieties still being grown. Incurved bloom of lavender pink color. Should be planted in early June and flowered from terminal bud. Blooms late in November.

BRONZE LARGE-FLOWERING

INDIANOLA—B. S. & Co., 1928. Plant early in June to secure good height. Crown bud taken in late August will bloom early in October. Terminal bud gives better color and blooms ten days later. Both are good.

GOLDEN BRONZE—B. S. & Co., 1930. Large spreading flower with fine golden bronze color. Plant late in June or early July. Does well under shade. Take terminal bud.

MONGOL—B. S. & Co., 1942. Might be styled an early Detroit News which it resembles except that the bloom builds higher in the center. A fine golden bronze coming into flower October 20th. Grows five feet from June planting. Take terminal bud.

\$2.50 per dozen,
\$12.00 per 100,
\$100.00 per 1000

Mongol

WAHOO

1943

INTRODUCTION

Clear bronze color, stiff stem, easy growth and late October maturity make Wahoo a welcome addition to the list of bronze varieties. Plant Wahoo to cut between Mongol and Indianapolis Bronze, giving a continuous supply of highest quality bronze flowers. Take terminal bud.

\$5.00 per dozen,
\$7.50 for 25,
\$12.50 for 50.
\$20.00 per 100,
\$150.00 per 1000

Wahoo

DETROIT NEWS—One of the best and most widely grown bronze varieties. Very good for shading. Good bronze color, incurved bloom and fine texture. Take terminal bud.

INDIANAPOLIS BRONZE—B. S. & Co., 1940. The bronze sport of Indianapolis Pink. Good bronze color to follow Detroit News and keep the supply of bronze continuous. Solid flower with good stem and foliage. Good for shading to come in late in September. Grows five feet from June planting. Take terminal bud.

BRONZE GEM—B. S. & Co., 1937. Incurved bronze for November 20th. Plant fairly early to get strong growth and bloom from terminal bud.

GOLDEN OAK—B. S. & Co., 1938. A golden bronze variety for Thanksgiving. The color is intensified by artificial light. A vigorous growing commercial with a stiff stem and round flower. Has displaced Gladys Pearson with us. Take terminal bud.

GLADYS PEARSON—Large incurved bloom on good stem. Grown extensively for Thanksgiving Day. Take terminal bud.

BRONZE FRICK—Sport of Helen Frick. Good bronze color.

MONITOR

1943

INTRODUCTION

A late bronze maturing November 28th. The insides of the petals are deep reddish bronze with golden reverses. The flowers are incurved and very solid. Reaches a height of five feet from late planting. Very high percentage of perfect flowers. Take terminal bud.

\$5.00 per dozen,
\$7.50 for 25,
\$12.50 for 50,
\$20.00 per 100,
\$150.00 per 1000

Monitor

LISTED IN ORDER OF DATE OF FLOWERING

WHITE POMPONS

EARLIWHITE—B. S. & Co., 1934. Our earliest white and a good variety for shading.

SILVER BELLS—B. S. & Co., 1937. Follows Earliwhite blooming October 15th. Round pure white flower about the size of Nuggets. Good for shading.

SNOWCLOUD—B. S. & Co., 1933. A pure white flower resembling Nuggets in form but larger. Makes good sprays and gives a heavy yield. Good for shading.

WHITE PEARL—B. S. & Co., 1940. The flowers are pure white and about two inches in diameter. A very heavy producer blooming Oct. 25th.

ARCADIA—Clear white pompon about $1\frac{1}{2}$ inches in diameter, blooming October 28th.

SEAGULL—B. S. & Co., 1932. Resembles White Doty but has a more open spray. Blooms in late October and is good for shading.

WHITE DOTY—White sport of Lilian Doty. Fine for disbudding. Blooms early in November.

WHITE CAPS—B. S. & Co., 1925. Pure white medium sized bloom. Good spray. Blooms early in November.

BOBBY—Round white flower produced on good sprays and is a heavy yielder. One of the best for November 15th to 20th.

ILLINI SNOWFLAKE—A clear white pompon about the size of Bobby ($1\frac{1}{2}$ "-2") blooming the middle of November.

PEARL—A large white globular shaped pompon. Blooms November 20th and resembles Chicago Pearl.

PRISCILLA

1943

INTRODUCTION

Late white pompon blooming November 28th. The flowers are two inches in diameter, ball shaped and clear white. The spray is compact and rigid. Deep green foliage. Heavy producer. A much needed late white pompon.

\$5.00 per dozen, \$7.50 for 25, \$12.50 for 50, \$20.00 per 100, \$150.00 per 1000.

Priscilla

YULETIDE—Grown extensively for late November and December. Pure white flowers in fine sprays. Strong grower.

ROYAL QUEEN—Round pure white flower. Blooms in December and can be held for Christmas and later.

SNOW—A stiff grower with white flowers 2 inches in diameter. Blooms late in December for Christmas.

YELLOW POMPONS

IMPROVED RODELL—Earliest yellow.

YELLOW-HAMMER—B. S. & Co., 1942. Bright golden yellow pompon blooming ahead of Golden Spray and Goldfinch. Blooms size of pink Dot. Medium height and produces heavily, making good sprays. Good for shading.

\$2.50 per dozen,
\$12.00 per 100,
\$100.00 per 1000

Yellow-Hammer

GOLDEN SPRAY—B. S. & Co., 1937. Soft golden yellow without a trace of bronze. Fine spray and good yielder. Good for shading. One of the best early yellows.

GOLDFINCH—B. S. & Co., 1932. Somewhat darker than Golden Spray and follows it blooming in late October. Good for shading.

NUGGETS—B. S. & Co., 1924. Best yellow for early November. Fine for shading and for pot culture. Flowers one to one and one-half inches in diameter.

YELLOW DOT—Yellow sport of Pink Dot. Good for shading. Flowers about two inches in diameter with dark bronze centers. Blooms November 1st.

YELLOW DOTY—Large yellow pompon that can be disbudded successfully.

MARY LENNON HALL—Tall growing golden yellow. Very fine quality. Blooms November 5th.

DERIGOLD—B. S. & Co., 1938. A good clear yellow for blooming November 10th. Flowers are about two inches in diameter and the variety is a heavy producer. Very good for shading.

ILLINI GOLD—A very good golden yellow color with flowers $1\frac{1}{2}$ to 2 inches in diameter. Good grower and a heavy producer.

YELLOW FELLOW—B. S. & Co., 1924. Deep clear yellow for mid-November. Good producer and good for shading and for pot culture.

BRISTOLITE—Deep golden yellow for late November cutting.

PRINCETON—Golden yellow. Produces fine sprays and blooms November 15th.

CANARY—B. S. & Co., 1940.

A canary yellow for late November. Grows to good height and produces heavily. The flowers are 2-2½ inches in diameter and have good substance.

NORINE—A deep golden yellow button pompon for Thanksgiving. A good producer.

YELLOW YULETIDE—Clear lemon yellow sport of Yuletide. The flowers are 2-2½ inches in diameter and bloom in late November and December.

GOLDEN MODENA—A late golden yellow pompon blooming early in December. The flowers are 1½ inches in diameter.

DECEMBER GOLD—Deep golden yellow flowers 2½-3 inches in diameter blooming about the middle of December.

Canary

PINK POMPONS

CHO CHO—B. S. & Co., 1942. Large button type pink pompon that grows to medium height and produces heavily. Blooms October 9th and is mid-season quality.

\$2.50 per dozen, \$12.00 per 100, \$100.00 per 1000

LILAC—B. S. & Co., 1930. Bright lavender pink. Blooms October 15th.

JEWEL—B. S. & Co., 1930. The most popular early pink. Large button type of clear pink. Fine for shading. Blooms October 15th.

DONNIE MAID—B. S. & Co., 1932. Follows Jewel. Larger flower and is fine for pot culture as well as for cutting.

FAIR MAID—B. S. & Co., 1942. Beautiful clear shade of daybreak pink. An unusual color that sells at once on our wholesale market. Blooms are 2½ inches in diameter and produced on fine sprays. Blooms October 20th.

\$2.50 per dozen, \$12.00 per 100, \$100.00 per 1000.

ROSE PEARL—B. S. & Co., 1940. A strong bushy grower that produces quantities of bright lavender sprays. The flowers are about two inches in diameter. Blooms October 25th.

LETITIA—B. S. & Co., 1931. Similar to Pink Dot with a more lavender color and more sturdy growth. Good for shading. Blooms in late October.

PINK DOT—B. S. & Co., 1924. A white ground with a dark pink center. Flowers are about 1½ inches in diameter and the variety is good for shading.

ECSTASY—B. S. & Co., 1937. Good clear pink. Makes fine sprays and is very good for shading. Flowers are 2-2½ inches in diameter. Blooms in late October.

SHEILA—B. S. & Co. A medium sized clear pink flower. Makes fine stiff sprays, yields plentifully and blooms about October 20th.

ISOBEL—B. S. & Co., 1941.
May be described as a pink Nuggets. The flowers are a good deep pink and are 1-1½ inches in diameter. Blooms November 1st. Very good for shading.

\$1.25 per doz.

\$6.00 per 100

\$50.00 per 1000

ROSE CHARM—B. S. & Co., 1924. Bright rose pink. Large flower good for disbudding. Blooms in early November.

LAVERA—B. S. & Co., 1935. Medium pink flower 1½-2 inches in diameter. Makes fine sprays and blooms in early November.

Isobel

BRIGHT SPOT—B. S. & Co., 1938. Bright pink color with a darker spot in the center. Large button type produced on good sprays. A very good variety for shading.

PINKITEE—See next page.

MASTERPIECE—A large flower of a rich tourmaline pink. Equally good disbudded or in spray form. Also good for pot culture. Blooms November 15th.

SILVER TIPS—B. S. & Co., 1930. Deep pink flower with silver tips on the petals. Flowers are about 2 inches in diameter and bloom in late November.

USONA—A favorite for Thanksgiving. Good sprays and a heavy producer.

UNEEDA—B. S. & Co., 1942. Late pink pompon with good color and substance. Should quickly make a place for itself for Thanksgiving. Grows to medium height and produces well.

\$2.50 per dozen, \$12.00 per 100, \$100.00 per 1000.

PINKITEE

1943

INTRODUCTION

Large pink pompon blooming in early November. The flowers are about $2\frac{1}{2}$ inches in diameter borne on stiff stems and good sprays. The color is a medium pink. First quality and heavy production insure a profit on this variety.

\$5.00 per dozen, \$7.50 for 25
\$12.50 for 50, \$20.00 for 100,
\$150.00 per 1000.

Pinkitee

BRONZE POMPONS RED WING

1943

INTRODUCTION

A very early reddish-bronze pompon blooming October 10th. The petals are tipped with gold and the flowers are about two inches in diameter. Good, compact sprays and heavy producer. A top quality bronze to start the season.

\$5.00 per dozen, \$7.50 for 25
\$12.50 for 50, \$20.00 for 100
\$150.00 per 1000

Red Wing

NUBIAN—B. S. & Co., 1928. Reddish bronze blooming in late October. The flowers are 1-1½ inches in diameter.

JEMIMA—B. S. & Co., 1932. Bright reddish bronze that is very good for shading. Blooms in early November.

CREOLE—B. S. & Co., 1937. An excellent golden bronze for shading. Flowers are about 1½ inches in diameter. Good producer.

GOLD DROP—B. S. & Co., 1929. Golden bronze with a dark center. Fine for shading. Blooms November 1st.

FLAMBEAU—B. S. & Co., 1941. Golden bronze with a dark center and dark tips on the petals. Flowers are about 1½ inches in diameter. A heavy producer blooming the middle of November.

\$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000.

BRONZE MASTERPIECE—B. S. & Co., 1941. Bronze sport of Masterpiece. The flowers are large and disbud very well. The color is a bright bronze and the variety is a heavy producer. Blooms the middle of November.

\$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000.

PIRATE GOLD—B. S. & Co., 1939. A rich golden bronze pompon of medium size. Strong growth yielding fine sprays. Blooms November 10th.

MANCHUKO—B. S. & Co., 1938. Unusual combination of gold and bronze. One of our favorite for mid-November cutting.

NEW YORK—Large button type. Fine bronze with a dark center.

SUNSET

1943

INTRODUCTION

A brilliant orange-bronze pompon blooming November 20th. The flowers are about two inches in diameter and produced on well-formed stiff sprays. A good producer and clean grower.

LISTED IN ORDER OF DATE OF FLOWERING

WHITE ANEMONES

THE BELLE—Pure white. Makes good sprays and is good for growing in pots. Blooms November 1st.

LITTLE AMERICA—Pure white blooming November 1st. Good for disbudding.

COLLARETTE—B. S. & Co., 1942. A white anemone with a bright yellow cushion. The flowers are 2¼ inches in diameter and are produced in fine sprays and have a splendid substance. This should become a great favorite because of its ability to withstand handling. Blooms Nov. 8th.

\$2.50 per dozen

\$12.00 per 100

\$100.00 per 1000

Collarette

WHITE ANEMONE—A pure white anemone that responds very well to disbudding. The flowers attain a size of about five inches when disbudded and have long stiff stems. Blooms about November 8th.

SHASTA—B. S. & Co., 1940.

A pure white anemone with a small cushion with three to four inch flowers grown in sprays. A heavy producer and is very profitable to grow. Very good for shading.

Shasta

IRENE HAYES—White anemone with a high cushion. Flowers are five to six inches when disbudded.

WHITE FREIDA—A white sport of Freida. Five inches in diameter when disbudded. Small yellow cushion. Blooms November 8th.

\$1.00 per dozen, \$4.50 per 100, \$40.00 per 1000.

WHITE NORMA—A white sport of Norma. Excellent for disbudding.

GARZA SUPREME—A white anemone that blooms in December and holds over Christmas if desired. Makes good sprays and is a heavy producer.

YELLOW ANEMONES

HELIOS—A clear yellow anemone blooming November 10th. Very good for disbudding.

SUZANNE MILLER—Bright yellow sport of Norma. Fine for disbudding.

SUNBRITE—B. S. & Co., 1941.

Similar to the old favorite Sunshine except that Sunbrite does not spoil in the cushion as Sunshine did. A good producer and holds well on the plant. The flowers are about two inches in diameter and are a bright golden yellow. Blooms in late November.

\$1.25 per dozen

\$6.00 per 100

\$50.00 per 1000

Sunbrite

GLEAM—A deep lemon yellow anemone that blooms in early December and is excellent for disbudding. The flower is about five inches and produced on a long stiff stem.

YELLOW GARZA SUPREME—A yellow sport of Garza Supreme, identical in every respect except color.

PINK ANEMONES

BETTY ROSE—Bright pink ray petals and a lighter pink cushion. Flowers are four to five inches when disbudded and a little smaller when grown in sprays.

LINDA LOU—B. S. & Co., 1940. Pink ray petals with a light yellow cushion. Something new and very novel. Makes fine sprays and is a heavy producer. Blooms November 10th.

TUXEDO—A rose pink anemone grown primarily for disbudding. The petals are quite narrow and plentiful, making a flower 5 to 6 inches in diameter. The cushion is small and yellow. Blooms November 10th.

LULABEL—B. S. & Co., 1941.

A suffused pink with a yellow cushion. The bloom is three to four inches in diameter and is produced in fine sprays. The growth is of medium height and very sturdy producing a heavy yield. Blooms November 12th.

\$1.25 per dozen

\$6.00 per 100

\$50.00 per 1000

Lulabel

FREIDA—Beautiful shade of pink with a small yellow cushion. Flowers are five inches when disbudded. Blooms November 15th.

NORMA—Pink ray petals with yellow cushion. Large flower and fine for disbudding.

DARK NORMA—A dark pink sport of Norma.

DARK PINK SUPREME—A pink anemone that blooms in early December and may be grown either in sprays or disbudded. Six inches in diameter.

PURPLE ANEMONES

PURPLE QUEEN—An aster purple anemone with a yellow cushion. A good producer blooming November 10th.

PURPLE DAISY—B. S. & Co., 1941. An aster purple anemone for growing in sprays. It is a heavy producer and holds well on the plant. Blooms November 20th. The flowers are about 2 inches in diameter. A very attractive novelty.

\$1.25 per dozen, \$6.00 per 100, \$50.00 per 1000.

BRONZE ANEMONES

MRS. CHAS. WYLIE—A light bronze anemone that makes a flower five inches in diameter when disbudded. The cushion and ray petals are the same color. Has a high cushion.

CORA SCOVILLE—Bright bronze ray petals with a flat cushion of a lighter bronze. Grows 4-5 inches in diameter when disbudded.

ROLINDA—A reddish bronze anemone with a low cushion. The flowers are about four inches in diameter when disbudded.

BRONZE TUXEDO—A bronze sport of the pink Tuxedo. Good bronze color very effective with yellow cushion center.

BRONZE FREIDA—A bronze sport of the pink Freida. Small cushion and regular ray petals. Excellent for disbudding.

RED ANEMONES

CRUSADER—Light maroon anemone with cushion florets tipped with gold. Blooms in early November.

GARNET—A deep red for growing in sprays. Flowers are 2½-3 inches.
